

Keyword Dictionary Instructions

Last Updated on 19th Jan 2016

1. A good way to find long-tail terms is to use the Google suggested search terms section at the bottom of the Google search results.
2. A good way to find synonyms is to use Google and type something like "bikram yoga sometimes called" and hit return.
3. Another good way to find synonyms and related technical terms is to use the Google autosuggest results. For example, type Yoga A, followed by Yoga B ...etc.
4. A good way to find technical terms is to check other websites and scan the Google search results pages.
